

Mini Golf — Screens

Every screen's element layout, at a glance — no specs, no markers. Structural wireframes only; the current app art is not authoritative. Companion to the full **Screen & Element Guide** (which adds dimensions, states, theming hooks, and the art needed per element).

Not the design. No colors, type, icons, or materials are implied. Player-scaled screens are drawn at 4 players; the Course Map and game playfields fill the screen below the bar.
